

Help find Tui a good home

Tui is one of the many dogs at Wellington SPCA looking for a new home. She is a wonderful dog but she can be a bit naughty. She is one year old and hasn't been de-sexed. She was brought to the shelter because she runs away when you take her for a walk, she jumps all over visitors and knocks down children, and she chews shoes and anything she can get her teeth into.

As Tui's caretaker at the shelter your job is to make sure she gets the best home possible. Use the boxes below to help find Tui the best home possible.

List below basic needs most dogs have:
