Are you able to help out on the night? We are looking for a couple of guardians to help lead a small group of children in activities and to insure each child is getting the most from the night.

Can you help?

Children will be involved in hands-on animal care activities. I understand while the Wellington SPCA takes all reasonable precautions to ensure the safety of the participants, all participants participate at their own risk. I have read and agree to the "Important information for Parents/Guardians". I consent to the above mentioned child taking part in the activity session.

I give permission for Wellington SPCA to take my child's photograph to potentially use in Wellington SPCA publications.
